Iron girders and iron beams, support each Potatoes form an important item of commerce at floor, which is of brick, and arched. The window this point being annually invested upwards of \$100,- sashes are of iron, with a simple mode of ventilation 000 in their purchase for Southern markets. The attached. No wood of any consequence has been shipments in 1842 were 60,000 barrels, but thus far used in the entire work, and should the contents this season, owing chiefly to the unusually low water, burn a score of times, the fire would scarcely have Guano. the shipments have not exceeded 4.000 barrels. We any material effect upon the main building. Howand of a sale vesterday of the proceeds of a crop ever, in the event of a fire occurring in any one of from 200 acres, supposed to amount to 2,000 barrels | the 6 stories, it could not possibly communicate to at \$2 per barrel. The purchaser was Mr. H. Mur- the others, as there are no stairs, nor well holes in Potatoes in market command a dollar per bush- the interior. These conveniences are abundantly provided outside, there being a spiral stairway leading from the yard, about the centre of the rear, running the entire height of the structure-65 feet .-This has a landing and entrance at each story, and to prevent accidents, the whole is encased by a circular piece of brick work. The stairs are iron, with iron steps and iron risers. Besides this stairway in the yard is an elevator for hoisting heavy articles to thousand dollars are disposited with the Barings as either of the stories. The yard is 120 feet long by event of an explosion the result could not be very serious. The engine, which is new and fifty horse power, will be situated in the basement. The building is one of the strongest we have ever seen, and

when finished it will be quite a curiosity. The structure on the Pearl street side has just 25 10 Boxes Starch, Pearl Starch; been commenced, and will be similar to the one A Successful Business Firm.—The-late James briefly described above, except that it will have an M. Hoyt, whose death we noticed on Saturday, was under cellar and be five stories in height. The the last of the well known flour house of Eli Hart, length is 130 feet and width 75 feet. This building John Downs & Co., which house was composed of will be completed and ready for occupation about the Eli Hart, John Downs, I. B. Crary, and James M. first of January next, when the Messrs. Harpers will Hoyt, a firm which, during its existence, has exer- he prepared to conduct the business of their House

ever will be in this country. All the members of INTERROGATING A JUDGE.—The prohibitory liquor that firm were farmers' sons, and commenced life law party lately interrogated Judge Black, of the with no capital save a decent common school educa- Supreme Court of Pennsylvania, who is a candidate tion, good habits and a determined energy. It is an for re-election, as to his views in regard to the conextraordinary fact that, although it is estimated over stitutionality of such a law. The judge very properninety-five per cent. of those engaged in mercantile ly says he will promise to decide such a question honand commercial pursuits in large cities die insolvent, estly, and according to his best judgment, when it all the members of this old firm, after passing through comes judicially before him, but at present he will INQUEST.—Coroner J. C. Wood held an inquest this which brode his skull. He survived the injury only the vicissitudes of prosperity and adversity, have not give any opinion concerning the matter. The passed one by one from the stage, leaving large for- question, says the Philadelphia Ledger, we look upon tunes. It may safely be presumed that a parallel as an absurdity when put to a candidate for a seat case of prosperity in business of so large a number upon the supreme judicial bench. If Judge Blanch at public auction, for the benefit of whom it may concern of individuals, composing a firm whose business and has answered as desired, it would have been the best interests have been separate and distinct for over fif- proof that he ought not to be on that Bench. A juteen years, cannot be found in the history of our dicial officer is not a legislator, and what is proper to ask the latter, and even to exact from him in the form of a pledge, is not proper to ask of one who MY WIFE, MARY C. KORNEGAY, HAVING LEFT my bed and board without just cause, this is to caution form of a pledge, is not proper to ask of one who merely interprets the laws as they are made, and ced himself as the Whig candidate for Congress in cannot decide otherwise than as the constitution pre- forwarn any person from harboring her or protecting her. III

RATHER PARTICULAR .- " Is that the second bell ?" inquired a gentleman of a sable porter, at a country boarding house, the other day. "No, sar," exclaimed the darkey, "dat am de secon' ringin' ob de fust bell-we has but one bell in dis house.'
